Rosie's Place Language

Rosie's Place was founded in 1974 as the first women's shelter in the United States. Their mission is to provide a safe and nurturing environment that helps poor and homeless women maintain their dignity, seek opportunity and find security in their lives.

Today, Rosie's Place not only provides meals and shelter but also creates answers for 12,000 women a year through wide-ranging support, housing and education services. Rosie's Place relies solely on the generous support of individuals, foundations and corporations and does not accept any city, state or federal funding. Thanks to these donations, 88 cents of every dollar raised goes directly to services for poor and homeless women.
