Question 2, if approved, would put Massachusetts voters on record as opposing the 2010 U.S. Supreme Court's Citizens United ruling that opened the door to greater political spending by corporations and labor unions. The November ballot measure calls for the creation of a commission that would seek a potential amendment to the U.S. Constitution to override Citizens United.

***Vote Big Money out of politics.***

Poor and homeless women cannot spend millions of dollars to influence elections as some corporations do. They vote! This is their biggest tool, and should be the biggest tool for all in elections, not corporate influence. Corporate influence in elections must be reduced to let voters' voices matter more than corporations.

*Your voice matters. We believe that elections should be swayed by individual voters and their voices, not corporations.*
